

Ethan Smith

Computer Science Intern | Software Development | Data Analytics

+1-(234)-555-1234 help@enhancv.com linkedin.com San Antonio, Texas

SUMMARY

Enthusiastic about developing innovative software solutions and data-driven insights, eager to apply Java and Python skills alongside experienced engineers. Strong collaborative and problem-solving abilities crafted through project work. Aspiring to make meaningful contributions by leveraging tech consulting exposure to drive impactful client outcomes.

EXPERIENCE

Project Collaborator

- Codeup Labs** 01/2026 - Present San Antonio, TX
- Assisted in designing and prototyping a web application project using React, achieving a performance boost of 15%.
 - Collaborated in a team to implement machine learning models, enhancing data processing efficiency by 20%.
 - Engaged in daily stand-up meetings and code review sessions, improving team cohesion and synergy.
 - Researched the latest JavaScript libraries to elevate front-end design aesthetics, resulting in more engaging user interfaces.
 - Authored and maintained thorough technical documentation, facilitating easier onboarding for new team members.

Coding Bootcamp Participant

- General Assembly** 03/2025 - 12/2025 San Antonio, TX
- Developed a Python-based data analysis tool that streamlined data visualization, showcasing improved results.
 - Constructed and deployed a full-stack web application in a collaborative project setting, learning the intricacies of RESTful APIs.
 - Supported peers in debugging sessions, applying strong problem-solving skills to resolve complex issues.
 - Conducted research on emerging programming practices, leading to group discussions and knowledge sharing sessions among participants.

TRAINING / COURSES

- | | |
|---|---|
| Full-Stack Web Development Bootcamp | Python for Data Science and AI |
| Issuing Institution: General Assembly, Year: 2025 | Issuing Institution: Coursera, Year: 2025 |
| Algorithms Specialization | |
| Issuing Institution: Stanford University (Coursera), Year: 2024 | |

STRENGTHS

- Technical Documentation**
Compiled detailed guides and manuals, reducing onboarding time for new team members by streamlining learning processes.
- Collaborative Problem Solving**
Worked effectively in teams to resolve technical challenges, fostering a supportive and innovative environment.
- Research and Innovation**
Explored cutting-edge technologies, contributing fresh ideas to projects and enhancing overall team creativity.

VOLUNTEERING

Tech Volunteer

Code the City San Antonio

- 05/2025 - 09/2025
- Led introductory coding workshops for underprivileged youth, enhancing their understanding of programming basics.
 - Worked with a team to develop educational materials, resulting in a comprehensive learning resource package.

EDUCATION

Bachelor of Science in Computer Science

The University of Texas at San Antonio

01/2022 - 01/2026 San Antonio, TX

LANGUAGES

- English Native ●●●●●
- Spanish Advanced ●●●●●

SKILLS

- | | | | |
|---------------|--------|-----------------------|-------|
| Java | Python | HTML & CSS | React |
| Data Analysis | | Version Control (Git) | |

INTERESTS

- AI and Machine Learning**
Fascinated by the potential of AI to revolutionize industries and improve societal outcomes.
- Web Application Development**
Continually exploring modern frameworks and tools to build efficient and user-friendly web solutions.
- Community Coding Workshops**
Committed to sharing knowledge and inspiring others through engaging teaching opportunities.
